STAT

Thank you very much for your kind letter of 29 July.

I am glad to hear from you and am particularly pleased to learn that our people have been of such assistance to you and the children. It was very thoughtful of you to bring this to my personal attention and I might mention to you again that if we can be of any further assistance to you, please do not hesitate to get in touch with us.

With my kindest regards,

Sincerely,

SIGNED
